

NORTHWEST ASSOCIATION OF CORVETTE CLUBS

Just..... What is it??

The purpose of Northwest Association of Corvette Clubs (NWACC) is to assist in organizing Corvette Clubs in the Pacific Northwest; to help increase participation in those clubs; to increase communication and cooperation among the member clubs; to improve the Corvette image in the eyes of the general public; to further the development and quality of the Corvette, and improve the services available to Corvette owners.

This is an “umbrella” organization that assists all of the member Corvette clubs in the Northwest in the attainment of their individual club goals. NWACC does not exist to detract from the individual clubs throughout the Northwest but to enhance and support those individual clubs.

Each club that chooses to belong to NWACC pays dues to the organization. The dues paid are used for a variety of obligations on behalf of all participating clubs. One of the more important responsibilities is the procurement of liability insurance by NWACC on behalf of all member clubs. This is an Umbrella Liability insurance policy only. It is secondary to a member’s individual car (vehicle) insurance and/or any existing club liability insurance.

Additionally, NWACC provides the opportunity to meet and compete for event and season trophies and socialize with Corvette enthusiasts from clubs in the Pacific Northwest.

These clubs represent a wide and diverse membership with interests that range from static events like Shine & Shows to moving events such as autocross. NWACC offers the Corvette enthusiast opportunities to participate in weekend get-a-ways in neighboring cities and even other states. These are events that are designed for getting to know members from other clubs, having fun with your Corvette and socializing. Lifelong friendships can begin at these events.

Any person and their Corvette, qualifying under NWACC rules, may participate in any event without consideration of participation points if their desire is simply to take part in the event. Individuals who are not Club members of an NWACC club may join NWACC as Members-At-Large and be eligible for all privileges of membership.

NWACC sanctioned events usually include:

- Shine & Show: this is a basic clean car competition for daily driver Corvettes. In Shine & Show, the judges aren’t looking for “dust on your drive shaft”. There are specific classes for your Corvette and you compete within your class.
- People’s Choice: This is a show class for those people who do not wish to have their car formally judged. Clubs are not required to have a People’s Choice division at their event, A club is free to decide on the number and types of trophies and how they are awarded.

- Autocross: This is a single car running against a timing clock through a varying “highway traffic cone” closed course. Your Corvette is classified as either “Stock” or Prepared” based on items such as the vehicle year, engine modifications, and other items. All NWACC Autocross events have a “Novice” class. This is for people who have never tried this type of event before but would like to try it before competing against more experienced drivers. All Novice competitors compete against each other without regard to the car they drive. Novice drivers are even eligible for Seasonal Championship Awards in their own class.

As an individual competitor, you can participate and compete for individual trophies at a given event, and through the accumulation of participation points from each event you attend, compete for a Seasonal Championship Award in your class. The more events you enter, the more points you get! These awards are presented at our “Year-End Banquet”, hosted by one of the member clubs during November of each year.

A Club Participation Awards is presented to an NWACC club for having the largest number of members who enter the sanctioned events throughout the year.

Every NWACC member club has at least one representative that is either elected or appointed by their club. This person is the link between you, your club and NWACC. That person is also a member of the NWACC Competition Committee and represents you and your club at all NWACC meetings. If you have any questions about NWACC, just ask your club representative.

The NWACC website (www.nwacconline.com) has printable organization documents such as the NWACC Constitution and By-Laws and the Competition Code. There are also event schedules, results of the sanctioned club events, and links to other Corvette clubs in the Northwest and even those world-wide.

Your involvement and participation in NWACC events helps to keep the organization strong and gives you an opportunity to meet and have fun with other Corvette owners and their clubs. We urge you to try attending some of the NWACC events.
